

## Panavision and Canon EF MOUNTS

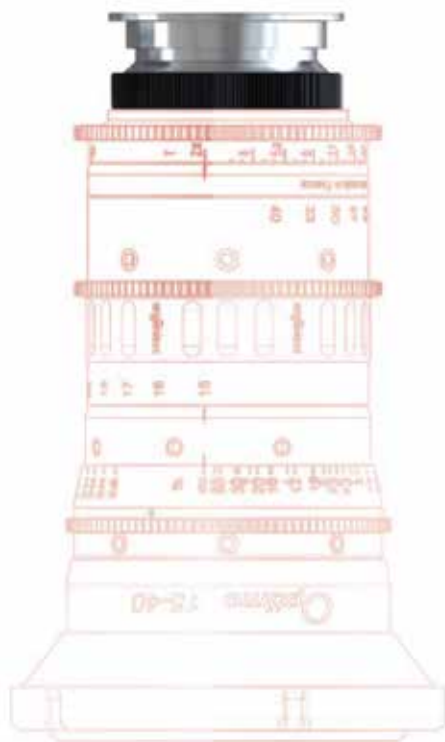

For  
**Optimo,  
Optimo Anamorphic,  
&  
Optimo Style lenses.**

To extend the versatility of its zoom lenses, Angénieux has designed mounts to offer the ability to use most of the Optimo lenses on Canon EF or Panavision cameras.  
*See table behind.*

## Technical specifications

|                                    | <b>Panavision Mount<br/>(ref)</b> | <b>Canon EF Mount<br/>(ref)</b> |
|------------------------------------|-----------------------------------|---------------------------------|
| Optimo 15-40                       | 301181                            | 309148                          |
| Optimo 28-76                       | 301181                            | 309148                          |
| Optimo 45-120                      | 301181                            | 309148                          |
| Optimo 24-290                      | *                                 | 309147                          |
| Optimo 19.5-94                     | 311180**                          | not available                   |
| Optimo 28-340                      | 311260**                          | not available                   |
| Optimo Style 16-40                 | 301181                            | 309148                          |
| Optimo Style 30-76                 | 301181                            | 309148                          |
| Optimo Style 25-250                | 314527                            | 315817                          |
| Optimo 30-72 A2S                   | 301181                            | 309148                          |
| Optimo 56-152 A2S                  | 315947                            | on demand                       |
| Optimo 44-440 A2S                  | 314527                            | /                               |
| (*) available at partner companies |                                   |                                 |
| (**) requires a factory swap       |                                   |                                 |

Designed to replace the PL mount, the Angénieux Canon EF and Panavision mounts allow the Optimo, the Optimo Anamorphic and the Optimo Style lenses to be used on Canon EF mount or Panavision cameras. The lens can be attached to the camera with a precise and steady flange to image plane alignment. Our mount system allows an easy interchangeability of the PL mount to EF mount and can be done without tools (to be handled by professional technicians within a dust free environment).
